Dennis,  
For your call Friday with Dick, the biggest issue appears still be the impending CZARA decision and its implementation. You are steeped in that already. Other than that, you could keep in mind that the Oregon legislative session starts February 1, and Dick will be pretty consumed with that throughout the month of February at least. This year is the long 120 day session (odd years, with even years being 35 days long), and as such will include many more issues such as biennial budget.

Good Morning!

In the upcoming weeks Dennis will have his monthly conference call with the following state directors:

Friday, January 23: Curt Fransen (IDEQ)  
Dick Pedersen (ODEQ)

If there are any hot issues that Dennis should bring up, please send him (and copy me) any key messages that you want him to convey by COB the day before the call.

Thank you!
